

The public servants of the Republic of Armenia will be trained at the Public Administration Academy of RA

Within the framework of the “ԳԱԿ-ՇՀՏԶԲ-11/7 (GAK- ShHTsDzB)” code for the needs of the RA Civil Service Council a necessity had emerged to obtain training services, constituted in primary contract N ShHTsDzB-117, signed between the Procurement Support Centre and organizations. The Public Administration Academy of RA also participated in the competition of service provision. The results of the competition have been summed up and the Public Administration Academy of RA has been recognized as a winner.

In line with the “Training Service Provision Contract, constituted by the RA Civil Service Law, from March 25 to December 30, 2013 the Public Administration Academy of RA will be implementing civil servant trainings for financial and territorial administration programmes.

The training courses of financial programmes will include the following themes:

- Functions of Internal Audit
- Functions of Procurement Organization
- Functions of Treasury System Process
- Functions of Accounting
- Functions of Budget Process

Within the territorial administration programme the system of territorial administration and local authorities of the Republic of Armenia will be introduced to the participants of the training courses. By the way at the Public Administration Academy of RA the training courses are held via lectures and workshops by highly qualified professors, who have experience in working and lecturing in the administration agencies, higher educational institutions and political, discretionary positions.
