Invite you to participate in the

## Annual International Scientific Conference

### Public Administration and Territorial Development: Interconnection, Challenges and Solutions beyond World Crisis

May 28 - 29, 2014

Irkutsk, Russia

#### Conference aim:

**The aim of the conference** – to provide possibilities for sharing scientific and practical experiences in the field of *public administration and regional development* by promoting science, business, state authorities and society social partnership.

The conference aims at encouraging theoretical and applied public administration researches, which contribute to social and economical development of the region and stable local communities beyond world crisis. Although the world crisis is not over, but nevertheless it is possible to analyse some consequences. Researchers and experts from different fields (Public Administration, Political Science, Law, Economics, Management, Regional Development, etc.) are invited to discuss different aspects of the proposed subject.

Depending on the interest of participants, the 2014 Conference will feature up to three sessions focusing on the following topics:

#### Session 1:

##### National and European Trends in Public Administration

- E-Government (ICT in PA)
- Local Governance and Democracy
- Strategic Management in Government
- Public services provided by Governments and local authorities

#### Session 2:

##### Territorial Development Issues

- Strategic Partnerships in Territorial Development
- Regional Branding and Place Marketing
- Development of Different Sectors of Regional and Local Economies
- Effective Instruments of Sustainable Development of the Baikal Region
- World Crisis Impact on Territorial Development

#### Session 3:

##### Formation of Professional Competencies of Future Public Servants in Line with the Bologna Process

- Issues of the Bologna Process implementation into National Educational Systems
- Innovations in Public Servants Higher Education and Training
- State and Local Authorities' Role in Forming of Professional Competencies and Practical Skills of Future Public Servants

The reviewed international book of proceedings with the Conference papers will be published and its full version will be available towards the date of the Conference.
